*Treat yourself to silkier, smoother hair! Deep conditioning treatments*

## Salon News

The last 3 years have seen enormous growth at **ST.HAIR**. The result, as we're sure you've heard, is our relocation to a new larger building. By more than doubling our service areas and continuing to bring in strong new talent in all areas, we believe we will be better equipped than ever to meet the needs of our elite clientele. The new salon boasts 2800 square feet of fresh space, 8 cutting and 12 color stations, 3 apprentice stations, a coffee bar and more. It's all being created with the ultimate customer experience in mind. And the best thing? The new building is within a ¼ mile of our current address, has ample parking, there is less general traffic, and there are less congested intersections when arriving and departing than you've had to deal with when leaving our current location.

We are on track to keep our mid-August moving date, so be sure to keep this in mind when scheduling your next regular service with your stylist. The new address is:  
40 Greenway Court

Look for the new sign soon!

## Happy Birthday

*Marisa July 11  
Kealea July 12*

## Education

### July 1

Sharon will teach Schwarzkopf color in Atlanta in a upscale salon.

### July 8

Sharon will teach Schwarzkopf color in 2 upscale Atlanta salons.

### July 21

### Ongoing

Each Tuesday morning Sharon and Rachel are training ST.HAIR's apprentices in different technical applications.

### Upcoming

In September ST.HAIR will launch its very own academy! This will both

## All for You! Color Support

With the ongoing popularity in color treatments, from highlights to full-head color, it's no wonder that industry experts believe color-enhanced tresses will soon eclipse those who have never seen a foil. In response to this continued upward trend, Bumble&Bumble has created a shampoo and

### FEATURED SERVICE: Exfoliate & Restore

Looking to add shine? We invite you to try one of our Exfoliate & Restore products from Bumble & bumble. This great product exfoliates, enhances color and adds a collagen layer to the hair leaving it soft and supple.

Through the month of August, enjoy an unprecedented **50% off** this product line. Ask your stylist for her personalized recommendation.

### Color Support

*(continued)*

conditioner to help protect hair while it's being colored. This new color support shampoo *must* be used with conditioner as it has been formulated without the moisturizers that hinder color absorption, leaving hair without the traditional softness to which we have become accustomed. For the same reason, avoid using any other shampoo before using B&B Color Support Conditioner as it may render color-enhancing service less effective.

Following color service(s), **ST.HAIR** stylists highly recommend using the right color support shampoo.

### Community Feedback

We would like to recommend the following companies whose services we've found to be not only professional but exceptional in quality, dependability and overall performance:

#### Electrician

Advanced Electrical Solution  
(678)794-0500  
Wonderful and professional  
Shep Harris

#### Drywall

Mark Webb  
Doug  
(770)487-5572  
On time did a great job

#### Bear Tile Co.

Roger Mason  
Ceramic Tile, Tile remodeling,  
new construction  
(678)481-7026 or (678)633-5399
